Dear customer,

We want to thank you for choosing us.

In our establishment we care about the environment, which is why we ask our clients to recycle and make correct use of resources (water, heating, air conditioning...). The sheets will be changed every 3 days and the towels when they are left on the bathroom floor. If you need it done before, please notify reception. We must also avoid plastic or single-use containers. If you need some kind of amenities, You can ask for it at the reception. Our planet needs it.

You are staying in a green and smoke-free space, please don't smoke on the property.

The water bottle that you will find outside the mini bar is a **welcome gift**. The rest of the items that are removed from the mini bar will be considered as consumed and must be paid for.

The rest of our clients is our main priority, we ask them not to make noise and respect the hours of use of the pool and common areas (from 7:30 a.m. to 7:30 p.m.).

We are committed to Mediterranean gastronomy, with local products, thus guaranteeing the highest quality and the least possible impact on the ecosystem. You can taste our **breakfast buffet from 8:00 to 10:30 am**, and the **dinner from 6:00 to 10 pm**. During the rest of the day enjoy our "à la carte" food

We have a **24 hour telephone service**. The reception has a telephone that can be used in case of emergencies.
